## **Copy of clause from 2022 DiT Agreement**

### **39A. Recall – Without Returning to Workplace**

*39A.1 The provisions of this clause 39A are to be read in conjunction with clause 40 (Telephone Calls to Doctors Outside of Working Hours).*

*39A.2 Where recall to duty can be managed without the Doctor having to return to their workplace, such as by telephone or computer, the Employee will be paid a minimum of 1 hour at the appropriate overtime rate for each occasion, provided that multiple recalls within a discrete hour will not attract additional payment.*

*39A.3 Remote recall should only occur where the Doctor is rostered on-call and in accordance with clause 40 (Telephone calls to Doctors outside of Working Hours) below.*

*39A.4 Doctors who undertake remote recall will submit information to the health service as required within the timeframe set by the health service.*

\*NB only one call each hour needs to be recorded but we recommend recording each clause for workload review purposes.
