

salary packaging for interns

Heading into your first year as an intern is an exciting but challenging one so the more prepared you are, the better equipped you'll be to make the most of your income. And one of the best ways to maximise your tax savings is by effective salary packaging which allows you to pay for selected expenses before tax.

Salary packaging is quite complex, each hospital has different plans based on the salary packaging company they use and the timing of your rotations. So being organised well before you start means one less item you have to worry about.

In Victoria, you can enjoy nearly \$3,000 in tax savings by getting it right from the start. Speak to one of our friendly Drs in Training consultants to help you set a plan to make the most of your salary, keeping more of your hard-earned money in your pocket.
